SUP Paddle Board

What is SUP Paddleboard

The Origins and Trends

What is SUP Paddleboarding

SUP (Stand-Up Paddling, Stand-Up Paddleboarding or Waterski Paddleboarding) stands on a board and paddles.

SUP paddleboarding can be used in any water situation and is an easy to learn sport for young and old.

The origin of paddle boarding

Originating in Hawaii, the sport has been gaining popularity worldwide in recent years. Initially, surf instructors stood upright on their boards to manage the large number of students and to get a better view of the surrounding area and the waves coming from afar.

The paddle board development

The popularity of SUP is now unstoppable in warm coastal resorts around the world, and because it is sought after by many professional surfers, celebrities and stars, SUP can be found in safe waters all over the world.
